BRIEF FACTS

Established: 2006

Status: International

The Power Uzbekistan Exhibition plays a key role in the development of the country's energy sector, serving as an important platform for knowledge exchange, introduction of innovative technologies, and drawing investment.

POWER UZBEKISTAN — THE DRIVER OF MODERNISATION AND INNOVATION

Over the years, the Power Uzbekistan exhibition has contributed to the introduction of advanced technologies into Uzbekistan's energy sector. Today, Power Uzbekistan is the central event of Uzbekistan Energy Week - UEW, bringing together exhibitions and conferences covering related industries with the support of the Ministry of Energy of Uzbekistan.

EXHIBITION SECTIONS

Products**

OFFICIAL OPENING CEREMONY

The International Exhibition Power Uzbekistan 2026, held as part of **Uzbekistan Energy Week – UEW 2026**, is a major international annual event that brings together leading experts, innovators, and strategists from the energy industry.

The Uzbekistan Energy Forum is more than just a platform for dialogue, it is a source of new ideas, energy, and opportunities, where partnerships are forged, key trends are discussed, and pathways towards a sustainable future are shaped.

Today, Uzbekistan is emerging as a focal point of global attention, setting the pace for the development of the energy sector both in the region and beyond.

EXHIBITOR TESTIMONIALS

The importance of such events is significant for our group of companies, as they allow us to address several key objectives. I believe that the scale of this event this year was impressive, as always. We receive valuable feedback from our customers, which is essential for shaping and understanding our development strategy for the coming year and beyond.

Valijon Rakhimov,
Marketing Manager,
Toshelectroapparat

Every year, we showcase our latest solutions here, and we continue to return because participating in the exhibition brings real value to our business. As a solar panel manufacturer, we see this as a unique opportunity to meet not only business representatives but also end consumers. These interactions help us strengthen brand awareness and expand our presence in the markets of Uzbekistan and Central Asia.

Sitora Muratova,
Marketing Manager,
LONGI

The exhibition is truly incredible: there are many companies, numerous new contacts, and a wealth of new technologies in the energy sector, as well as established technologies across various fields. That is why we will definitely be here again next year.

Marcin Józwiak,
General Director,
ENERGO THERM Group

EXHIBITOR TESTIMONIALS

The Power Uzbekistan exhibition is truly valuable for us. It gives us the opportunity to meet a large number of people whom we would otherwise have no opportunity to connect with outside the exhibition.

Samim Yildiz,
Manager,
MIMSAN

We have found new partners, signed new contracts, and we hope to participate in the next exhibition as well.

Maruf Tadjiev,
Commercial Director,
NURA Distribution
